TERM 1

ISSUE NO 1: 2026-2027 SY

Dear Parents,

As this term comes to a close, Singapore International School would like to recognize the encouraging efforts and progress our children have made in their studies and group activities. Through the Semester I midterm assessments, the children have shown self-discipline, effort, and steady progress in their learning. In our international environment, they have actively taken part in experiential activities, field trips, the Mid-Autumn Festival, and community activities, learning to cooperate, share, care for their friends, and take responsibility within the group.

In particular, the children are growing more confident in communication, more willing to express themselves, and more open to exploring new things. In the time ahead, the teachers hope the children will continue to build on their strengths, and further develop self-discipline, independent thinking, a sense of responsibility, and teamwork skills – while always remaining polite, loving toward their families, and attentive and respectful toward others. We believe that with perseverance, a positive attitude, and a genuine joy in learning, the children will grow increasingly confident, mature, and capable of fulfilling their full potential. Every effort, no matter how small, is a valuable step forward on the journey of growing up.

We wish the children a new semester full of joy, meaningful experiences, and new progress!

We sincerely thank all parents for your continued care and companionship on this journey.

Luis Hernandez Quintero

SIS @LECHAN

On the first day of the new school year, students got to reunite and get acquainted with their classmates and teachers. The teachers introduced themselves and went over the school rules as well as the learning plan for the year. This activity helps the children quickly adapt to and settle into the learning environment, laying a solid foundation for a successful school year.

BACK TO SCHOOL

On Back to School Day, parents brought their children to school, and the little ones were both excited and a bit shy on their first day back. 🍯

After-school clubs

In Term 1, club activities offered students many exciting and rewarding experiences, helping them explore their interests, develop their talents, build skills, and connect with friends. ★

Dance Club

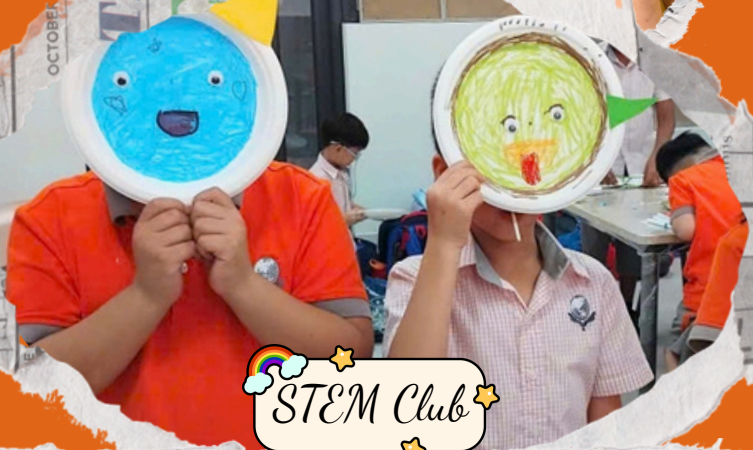

Reading Club

Art Club

STEM Club

Swimming Club

Basketball Club

Little lanterns, big joy! 🏮 The KIK kids made their own lanterns by hand, coming together to celebrate a warm and memorable Mid-Autumn Festival. 🌕 ✨

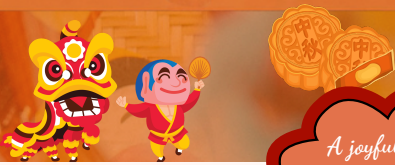

A trip full of exciting experiences at Happy Land Ha Long!

Medical Check-up

A general Medical Check-up for students also took place during Term I.

A joyful Mid-Autumn Festival with our little ones. The children rolled up their sleeves to shape and mold their own adorable mooncakes 🥮, coming together to celebrate a warm and heartfelt Mid-Autumn season. 🌕

The children excitedly watched the lion dance, and happily gathered with teachers and friends to enjoy the mid-autumn feast, sharing the joy around the full moon table.
